Sample of rental High Performance Skis 2015-2016

ARMADA JJ2.0

The JJ now has a longer turning radius, with the widest points moved out for more stability and effective edge.

ARMADA TST

The TST performs equally well whether it's carving edge-to-edge on hard pack or slashing tight trees in a foot of fresh.

ARMADA TST W

The TSTw is truly an all mountain ski that excels in conditions ranging from powder to groomers.

4FRNT HOJI

Somebody wise once said, "It doesn't have to be fun to be fun." We aren't saying that you won't have the best turns of your life on the HOJI.

4FRNT KYE 110

The KYE 110 provides maximum versatility. Scaled down tail rocker and camber underfoot make the KYE 110 a highly stable one-ski quiver.

Rossignol soul7

An award-winning fusion of backcountry innovation and progressive freeride performance, the new SOUL 7 is the pinnacle of freeride versatility for expert to intermediate skiers.

Sample of rental High Performance Skis 2015-2016

HEAD i.Supershape Magnum

The technologically advanced i.Supershape Magnum is the most versatile of all our Supershapes, delivering easy handling and all day trail performance.

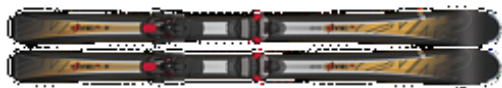

HEAD Monster88

Brand new this season, the Monster 88 is a tough, agile, and versatile all-mountain ski that powers through any condition.

ELAN AMPHIBIO 84 TI FUSION

This is a ski for every kind of skiing pleasure. Long and short turns, and dynamic and agile ones. It handles any kind of snow conditions.

K2 i konic85 Ti

Revolutionizing All-Mountain skiing, the iKonic 85Ti embraces the highest performance version of K2 Konic Technology.

VOLKL PLATINUM SD

This ski is Japan limited model. (PLATINUM series)
This hot slalom-carver features Speedwall 2.0 wood core, with extra-hard wood located just behind the sidewall.

SALOMON X-MAX 12 Ti

The true multi radius ski for long endurance performance.

Sample of rental High Performance Snowboards 2015-2016

BURTON Deja Vu

The board's smooth rocker profile surfs through deep powder, while subtle camber underfoot and a true twin design keeps you in control no matter which way you point it.

BURTON CUSTOM X

The hardest charging snowboard we make, the X is the only choice in camber for riders who own podiums and stack serious footage.

HEAD INSTINCT I.K.E.R.S.

Hybrid Camba DCT the board is also equipped with Framewall, which delivers shock absorption and even power distribution for enhanced control and response.

K2 FASTPLANT

No other board pops harder and slashes heavier for longer than the K2 Fastplant. This Bambooyah powered all-mountain freestyle deck balances power and technical finesse.

K2 COOL BEAN

Its width translates to unlimited laydown room when carving groomers and surfy float and glide in the powder

RIDE BERZERKER

Rocker under the nose and camber under foot give the perfect float and stability for high speed pow charging.
